

Plano Women's Healthcare, PA Preventative Exam Consent Form

Due to the Affordable Care Act, the coverage of your **preventative** services may or may not have been affected. We are unable to verify whether or not you have a "grandfathered" plan prior to your appointment. As a result, we would like to inform you of your possible out of pocket expenses for your visit today. Please initial each box and indicate whether or not you would like to receive these services today. Please note that if these tests are not covered due to the Affordable Care Act, you will be billed the estimated prices as indicated below. If you are not sure if a service is covered by your plan, you will need to call your insurance company in advance to see if you are going to be responsible for payment.
